POWER
TO INSPIRE

Think beyond elegance and think beyond functionality.

New meaning emerges as **AFEY**.

Feature rich AFEY masters shapes, style, flow and handling as a beautified incarnation. The range is wide in combinations and varieties.

PERCEPTION INTO
REALITY

The idea of AFEY brand creation was born with exclusive focus on plumbing industry. The team of technical experts and management masters laboured hard and long, tuning and fine-tuning to prosper and to meet our dreams. ASPO Technocast group was founded in 2018 at Rajkot; the technical casting hub in Gujarat, India; and entered into faucet industry with range of quality products.

Pulsating market, precise production, effective sales, logistic distribution, appropriately backed by effective administration and management has helped establish the AFEY brand image. We are amazed at the pace at which events have taken place, converting those initial hazy perceptions into a reality today!

BATH AND
SHOWERS

MASTER OF TECHNOLOGY

Unbeatable hardwearing faucet body & surfaces.

Resistant to corrosion.

DYNAMIC BRAND

A dynamic brand would adapt itself to the demands of time. The vision and will to analyse properties of all of the resources and use them to make new things is unique to AFEY. Our prolific practice is the outcome of constantly questioning and justifying process of demands of architects, interior designers, engineers, contractors, PMCs etc. and fulfilling at the best.

Procuring the best materials, technology supported cutting-edge production followed by stringent quality tests ensures promising outcome. Every product stands with style, stamina and function. AFEY is an artistic and a brand in full command of faucet industry. A constant process to look into demand of customers, innovation, meeting quality standards, durability and growth will give us a firm footing in industry.

EXPRESSION OF DESIGN

Our passion to design the best in industry is what makes us truly different. Our faucet designs are trend-setting statement. Designed to find bold new expression. Classically simple lines and precise geometry create an art inspired architectural faucets. Commitment to sustainability bridges modern sophistication and flowy water-lines.

AFEY designed faucet collections offer ever changing dynamism of industry. Timelessly.

Feather like smooth movements for proper flow.

Heavy brass body with superior chrome finish.

Eco friendly recyclable material used and made in such a way that saves earth's water.

Precise control of water flow and temperature to match.
